MEMORANDUM FOR: Director of Planning, Programming and Budgeting

SUBJECT: Agency Annual Report for FY 1973

REFERENCE: Memo from Director O/PFB, Subject: same as above
Dated: 6 October 1972 (O/PFB-72-1400)

1. In response to your request, we have reviewed the subject document. The editorial condensation accomplished by your staff appear reasonable, and we find nothing that appears in need of change. A few typographical errors were noted and these have been corrected on the draft.

2. Because of the short suspense set up by your memorandum, it has been impossible for the Deputy Director to read the draft. In advice from [] of your staff, we have xeroxed a copy for Mr. Duckett's perusal at a later date. In this manner we can meet your deadline. If Mr. Duckett has comments or wishes changes made to the draft, we will advise you as soon as possible.
